FIVE THUMB Monsters and a DOG

Five thumb monsters thumping on a door,
then a thunderstorm came, and then there were four!

Four thumb monsters thumping on a tree,
then a thunderstorm came, and then there were three!

Three thumb monsters with nothing to do,
then a thunderstorm came, and then there were two!

Two thumb monsters looking at the sun,
then a thunderstorm came, and then there was one!

One thumb monster sat there alone,
then a dog came over, and gave him a bone!
